

Lantressant

The Venue

First of all we wish to thank all of our guests who made the decision to have their weddings on the property and who provided their own inspirations for making their wedding day as memorable for them as for us.

Llantrissant represents one of the most romantic venues for weddings, receptions and special events on the island. Even the derivation of the name implies romance - llan, a Celtic word for 'yard or place', and trissant, from the Welch word 'trist' or the Middle English word 'tryst', a secret meeting between lovers, or, more contemporaneously, 'a yard where lovers meet'.

This two acre private estate with its two private beaches, red clay tennis court, the spacious lawns under the canopy of giant cotton trees and seawall offer a great choice of locations for both the ceremony and reception.

The Ceremony

Whether on the big beach or the smaller of the two beaches, or on the lawn, or, on the seawall or simply under a tree, the groom will always be waiting for her.

The Reception

Depending on the number of guests, the sea wall area is a wonderful spot to set up a tent which can accommodate up to 100 guests. And for larger parties, the tennis court can be used. For those who believe that the weather gods will be smiling, there is always a simple table set up on the lawn.
